Gingrich Appointed Hospital Trustee

MOUNTAIN HOME, ID (November 20, 2009) Bruneau area farmer/rancher, Verlin Gingrich has been appointed to the Elmore Medical Center Hospital District Board of Trustees.

Gingrich was appointed to fill the board seat vacated by Dr. Jerrie LeFevre, who resigned for personal reasons. Gingrich will fill the position until the Board of Trustee election to be held in February. Hospital Board members are elected to serve 6 year terms.

An Elmore County resident since 1969, Gingrich has always loved the area. After attending pharmacy school he worked as a pharmacist for approximately twenty years in Lewiston, Glens Ferry and Mountain Home. His father homesteaded a place off the Snake River where he learned to farm and when the opportunity arose to purchase a farm next door, he did so. He worked regular hours at the pharmacy and farmed evenings and weekends. Eventually his love of ranching won and he decided to retire from pharmacy work.

Gingrich has served on several committees and boards in the past including 12 years on the School Board for Mountain Home School District.

"There is so much to learn, I am asking a lot of questions" stated Gingrich "Things have changed at the hospital from the way it was when I helped develop a formulary for pharmacy many years ago."
